

# SECURING RESOURCES FOR CONSUMERS, INC THE RESOURCE

BI-WEEKLY NEWS BLAST - MARCH, 2021

## NATIONAL WOMEN'S HISTORY MONTH

Women's History Month originated in the United States in 1987. It is a celebration of women's contributions to history, culture, and society, and is observed annually during the month of March. This month affords us opportunities to celebrate the strength, determination, and achievements of women, past and present, across the United States. America hails countless influential and successful women, and at this time, we would like to recognize our own National Women, Ms. Carolyn Brooks, President and CEO and the late Mrs. Sheila Owens Jones, for establishing SRFC, Securing Resources for Consumers, Inc. SRFC, has been in business since 2006 as a small, family oriented, Human Services Agency, meeting the developmental, behavioral, and mental health needs of individuals. SRFC experienced a great deal of growth over the past 15 years, serving and meeting the needs of those in communities in the states of North Carolina and Georgia.

There were some challenging times, especially the loss of Sheila Owens Jones in May, 2011. Ms. Brooks deserves a round of applause for continuing to make contributions to the Human Services industry. We would like to thank her for her dedication to progressing societal needs and expectations. We thank her for giving each one of us the opportunity to represent this organization as employees and staff.

Therefore, during this National Women's History Month, we honor Ms. Brooks and all of those incredible women who lend their support to ensure that SRFC continues to add their contributions and dedication to meeting the needs of individuals and the Human Services industry.

Daylight Saving Time 2021 begins at 2 a.m. local time on Sunday, March 14. Set those clocks forward one hour.
